Barbara,

You will need to speak with the Contract Level COR (Nancy Parrotta). I've cc'd her on this email and she will be able to provide you with any information you need regarding the funding you provided for this WA. Just a heads up, I will be out of the office beginning tomorrow and will not return until 6/18. I will take care of any additional actions upon my return.

Hi Lisa,

I understand from our R8 UIC Program that the R8 work assignment on Cadmus Contract EP-C-15-022 has been closed-out. I believe R8 had approximately \$18K on the contract and I wonder if that will de-ob'd and recertified to the region.

Thanks for your help in weeding this out.

Barbara,

The EP-C-15-022 contract is a HQ Cadmus contract that we used as a vehicle for a couple of work assignments – the most recent being for public comment support for the Dewey-Burdock project. We have closed-out efforts from this contract.

Questions regarding remaining balances should go to Lisa Mitchell-Flinn. Here's her contact information:

**Subject:** status of funds for UIC contracts

Hi Susan,

Just wondering about the status of contracts # EP158000040 and EPC15022. Last I checked, both contracts had expired and both have remaining balances. Can the remaining funds be de-obligated from each? Also, what is the remaining balance on each?

Thank you,

Barbara Dehnert
